Your 20 percent savings ends soon, but you can still use your card.

As part of your prescription plan, you've been able to get 20 percent savings on CVS Health® Brand health-related items* with ExtraCare® Health. Starting **[EFFECTIVE_DATE]**, that 20 percent savings is ending. But you can still use your ExtraCare Health card or number to earn rewards.

Don't throw your card away.

You can keep using it to get 2 percent back in ExtraBucks® Rewards when you shop at CVS Pharmacy® or CVS.com. There's nothing you need to do, and you won't lose any rewards you've earned.

To learn more about ExtraBucks Rewards, visit **[CVS.com/extracare/home](https://www.cvs.com/extracare/home)**

Your card may look like this. Or, you might be using a red card or a digital card on your smart phone.

*The 20 percent discount is restricted to items purchased for the health of cardholder only, and applies to regularly priced CVS Health Brand health-related items valued at \$1 or more. Your ExtraCare Health Benefit may not be used in Target stores including those with a CVS Pharmacy in them. Excludes alcohol, lottery, money orders, prescriptions and copays, pseudoephedrine/ephedrine products, postage stamps, pre-paid cards, gift cards, newspapers and magazines, milk (where required by law or regulation), bottle deposits, bus passes, hunting and fishing licenses, any imposed governmental fees, or items reimbursed by a government health plan.

The products and services described above are not a plan benefit and are not offered or guaranteed under Medicare. In addition, they are not subject to Medicare appeals process. Purchases eligible for the ExtraCare Health Benefit discounts will not count towards your true-out-of-pocket (TrOOP) costs. Any disputes regarding these products and services may be subject to your plan's grievance process.

Other pharmacies are available in our network. You are not obligated to fill your prescriptions at CVS Pharmacy by using the ExtraCare Health Benefit.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
